Hold

Examples:

- Student behavioral event in the hallway
- Law enforcement request for locker searches

Action: Monitoring, school day continues

How will families know?

- Email

Communication only provided if event significantly alters the school day

Reunification

In the event that reunification is necessary, families will be directed by school officials to their child's specific location via phone, text, email, district website and local media.

- Students will only be released to parents/guardians who are documented as emergency contacts and who present a valid government issued ID (driver's license, military ID or passport).
- Reunification sites are not shared prior to event for student and staff safety
- This process can be time consuming and family members are urged to be patient.

How Can Families Help?

- Ensure your child's demographic and emergency contact information is accurate and current in Family Access
- Become familiar with school communication procedures
- **DO NOT** call or rush to your child's school, your presence could interfere with emergency responders
- **DO NOT** phone your child or school. School personnel need lines open for communication with law enforcement and central office
- **DO NOT** text or call your student unless they have notified you it is safe to do so
